Milwaukee, Wis. USA,
July 8, 1939.

J. Clarricoats, Secretary,
Radio Society of Great Britain,
London, England.

Dear O.M.:

I wish to express my sincere thanks to the Society and yourself for the Silver Trophy awarded me in connection with the International 56 mc Contest of 1938.

This cup will always have the most conspicuous place on my operating desk, and I assure you that I am very proud of it.

I am sorry that we were unable to accomplish any very important results or break any records, but it was not for want of trying. I hope you sponsor another similar contest along about 1947.

As I subscribe to no radio journals published outside of the U.S.; and as nothing has been published in any of our periodicals regarding this contest; I am totally in the dark as to what other results were accomplished, and what other stations were participating. The ten meter contest was pretty well covered here, due to the fact that ARRL was sponsoring a similar contest for North American stations at the same time.

With regard to present activity: I have been back on five meters since April 30th.,1939, and was on every day up to June 28th. However, I did not devote as much time to it as last year. Conditions are very much different than last year. I missed some of the best days, but was in on the following.

May 30th. W8NZ reported me at 9;30 am. CST
June 1st. Worked W8NZ at 10:30 pm., and W8CVQ at 11:00 pm.
June 4th. Heard fading fones 1:15 pm to 1:45 pm.
June 10th. Heard W5AJG and W5EHM 7:50 pm to 9:00 pm.
June 11th. Worked W9GGH (Kenosha, Wis) at 10:25 pm.
June 12th. Worked W3DBC, W3HKM, W3EIS, W3BZJ, and heard W8OKC, W2FIT, W3RL, W2CUZ, W3FIE, between 5:20 pm and 7:40 pm.
June 13th. Worked W8CVQ at 8:50 pm, W8QDU at 10:14 pm, and heard W8VO up to 10:45 pm.
June 15th. Heard W9GGH at 6:00 pm.
June 18th. Worked W5EHM at 9:00 am.

I hope to be able to get in on some more of your contests in the future, as I thoroughly enjoyed the 28 mc contest of 1934-1935, and the 56 mc contest of 1938. With the best of wishes for continued success in the field of amateur radio to the Society and all of its members, I remain,

Yours truly,
